

Dear customers,

This is to inform you that effective from 1st October 2013 the German TSOs will support the process of bundled nominations.

At the moment bundled nominations will only be possible at market area interconnections (Gaspool <-> NCG) for (sub) balancing groups containing bundled capacities.

Due to organizational reasons, bundled nominations for the gas day 1st of October 2013 cannot be made until 30th of September 6:00 a.m. (GMT+1).

Please turn to the relevant TSO should you require further information.

With kind regards

Your [TSO] Business Process Implementation Team
